

Thank you for Purchasing the AquaSkim Robotic Pool Surface Cleaner

This is Your Quick Start Guide

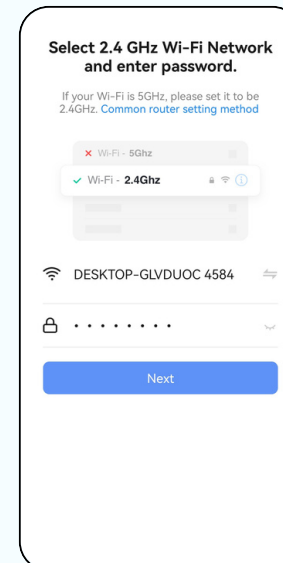

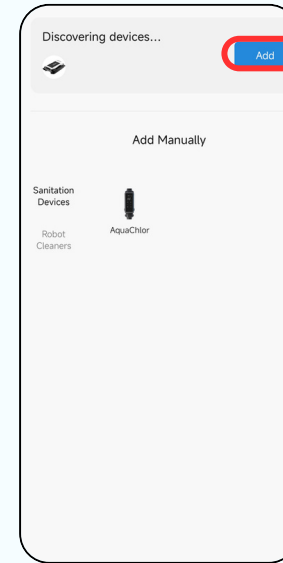

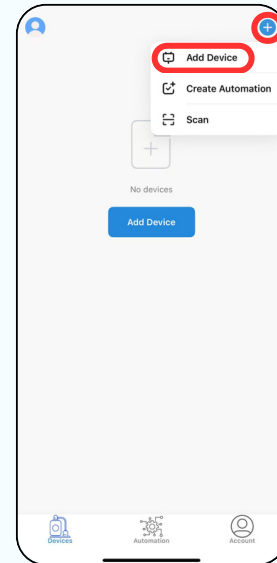

Step 1: Download & Open the Illuminex App

1. Go to the App Store (iOS) or Google Play Store (Android).
2. Search for "Illuminex" and download the app.
3. Open the app and log in or create an account if you're a new user.
4. Alternatively, you can scan the QR code below:

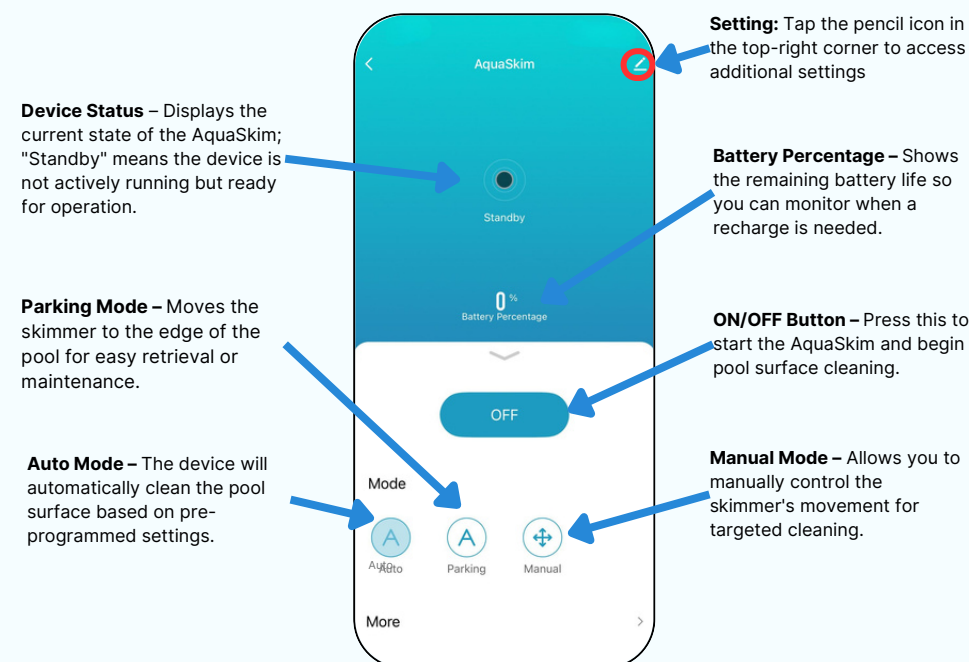

Step 3: Add a New Device in the Illuminex App

1. Open the Illuminex app and go to the Home screen.
2. Tap the "+" (Add Device) button in the top-right corner.
3. Follow the on-screen instructions finish pairing your device.

Step 4: Operating Your AquaSkim

1. Start/Stop: Tap the power button in the app.
2. Modes: Choose between Auto, Park, or Manual cleaning modes.
3. Schedule Cleaning: Set daily or weekly skimming times in the app.

Rename Device: Change the device name (e.g., from "AquaSkim" to "Pool Skimmer 1").

Device Information: View technical details, firmware version, and network status.

Tap-to-Run & Automation: Set up automated schedules and smart actions for the skimmer.

Create Group: Group multiple devices together for synchronized operation.

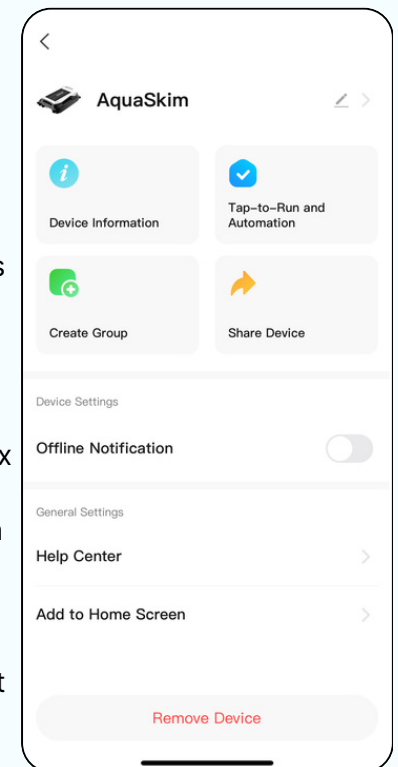

Share Device: Allow other users to control AquaSkim through their Illuminex account.

Offline Notification: Enable alerts when the device goes offline.

Help Center: Access troubleshooting guides and customer support.

Add to Home Screen: Create a shortcut for quick access to the app.

Remove Device: Unlink the AquaSkim from your account if needed.

Step 5: Cleaning & Maintenance

Solar Charging & Battery Backup

- Place the AquaSkim in direct sunlight for optimal solar charging.
- Avoid shaded areas or debris covering the solar panel.
- On cloudy days or during nighttime, manual charging may be required.
- Use a Standard **Type C** Charger with an output of 5V at 2 Amps for optimal battery life. *Avoid use of fast chargers*

Regular Cleaning & Maintenance

- Empty the debris basket regularly to prevent clogging.
- Clean the water sensors to ensure proper operation.
- Wipe the solar panels with a damp cloth to remove dirt and dust.

Storage

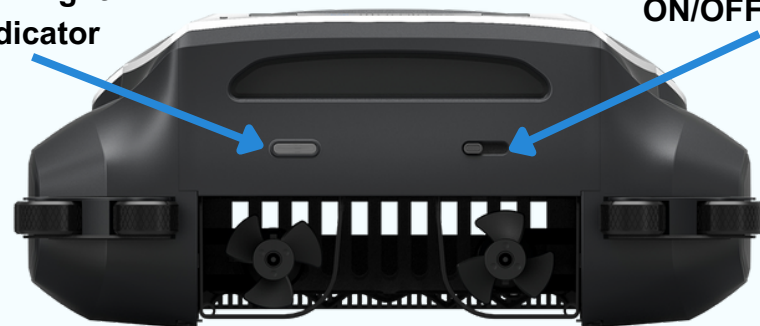

- Store in a dry, shaded area when not in use.
- Avoid prolonged exposure to extreme cold or freezing temperatures.

Step 2: Prepare Your AquaSkim for Pairing

1. Ensure the device is powered on and in pairing mode.
 - If this is your first time pairing your device, simply turn on the device
 - If not, cycle the power 2 times to the surface cleaner and it will enter into pairing mode
2. Confirm your phone is connected to a 2.4GHz WiFi network and bluetooth is turned on.
